

FOR INTERNATIONAL READERS

We have included examples from diverse nations.

All of the concepts are applicable worldwide, of course.

One silver lining of missing local context may be that students can be tasked to use the opportunity to learn by identifying local examples of the concepts.

Students will learn if they find the local application to be similar. They will learn even more if they find it to be dissimilar. Arguably, true learning comes more from that which is different from the already-familiar. Tell us if your experience differs.

We will value your opinion on 5e.
